

Psychiatry

Foundation Induction Slides

What to expect as an FY doctor

- **1 hour of protected consultant supervision a week**
- **Opportunities to achieve generic competencies - e.g. communication skills, working in MDT, capacity assessments**
- **Maintained links with physical health care**

What to expect... continued

- **Opportunities for teaching, audit and research**
- **Improved opportunity to complete work based placed assessments (WBPAs) with more senior doctors including consultants**
- **Opportunity to undertake a taster in an area outside of core FY psychiatry placement in mental health to broaden experience**
